

Kirkland Biosciences LLC

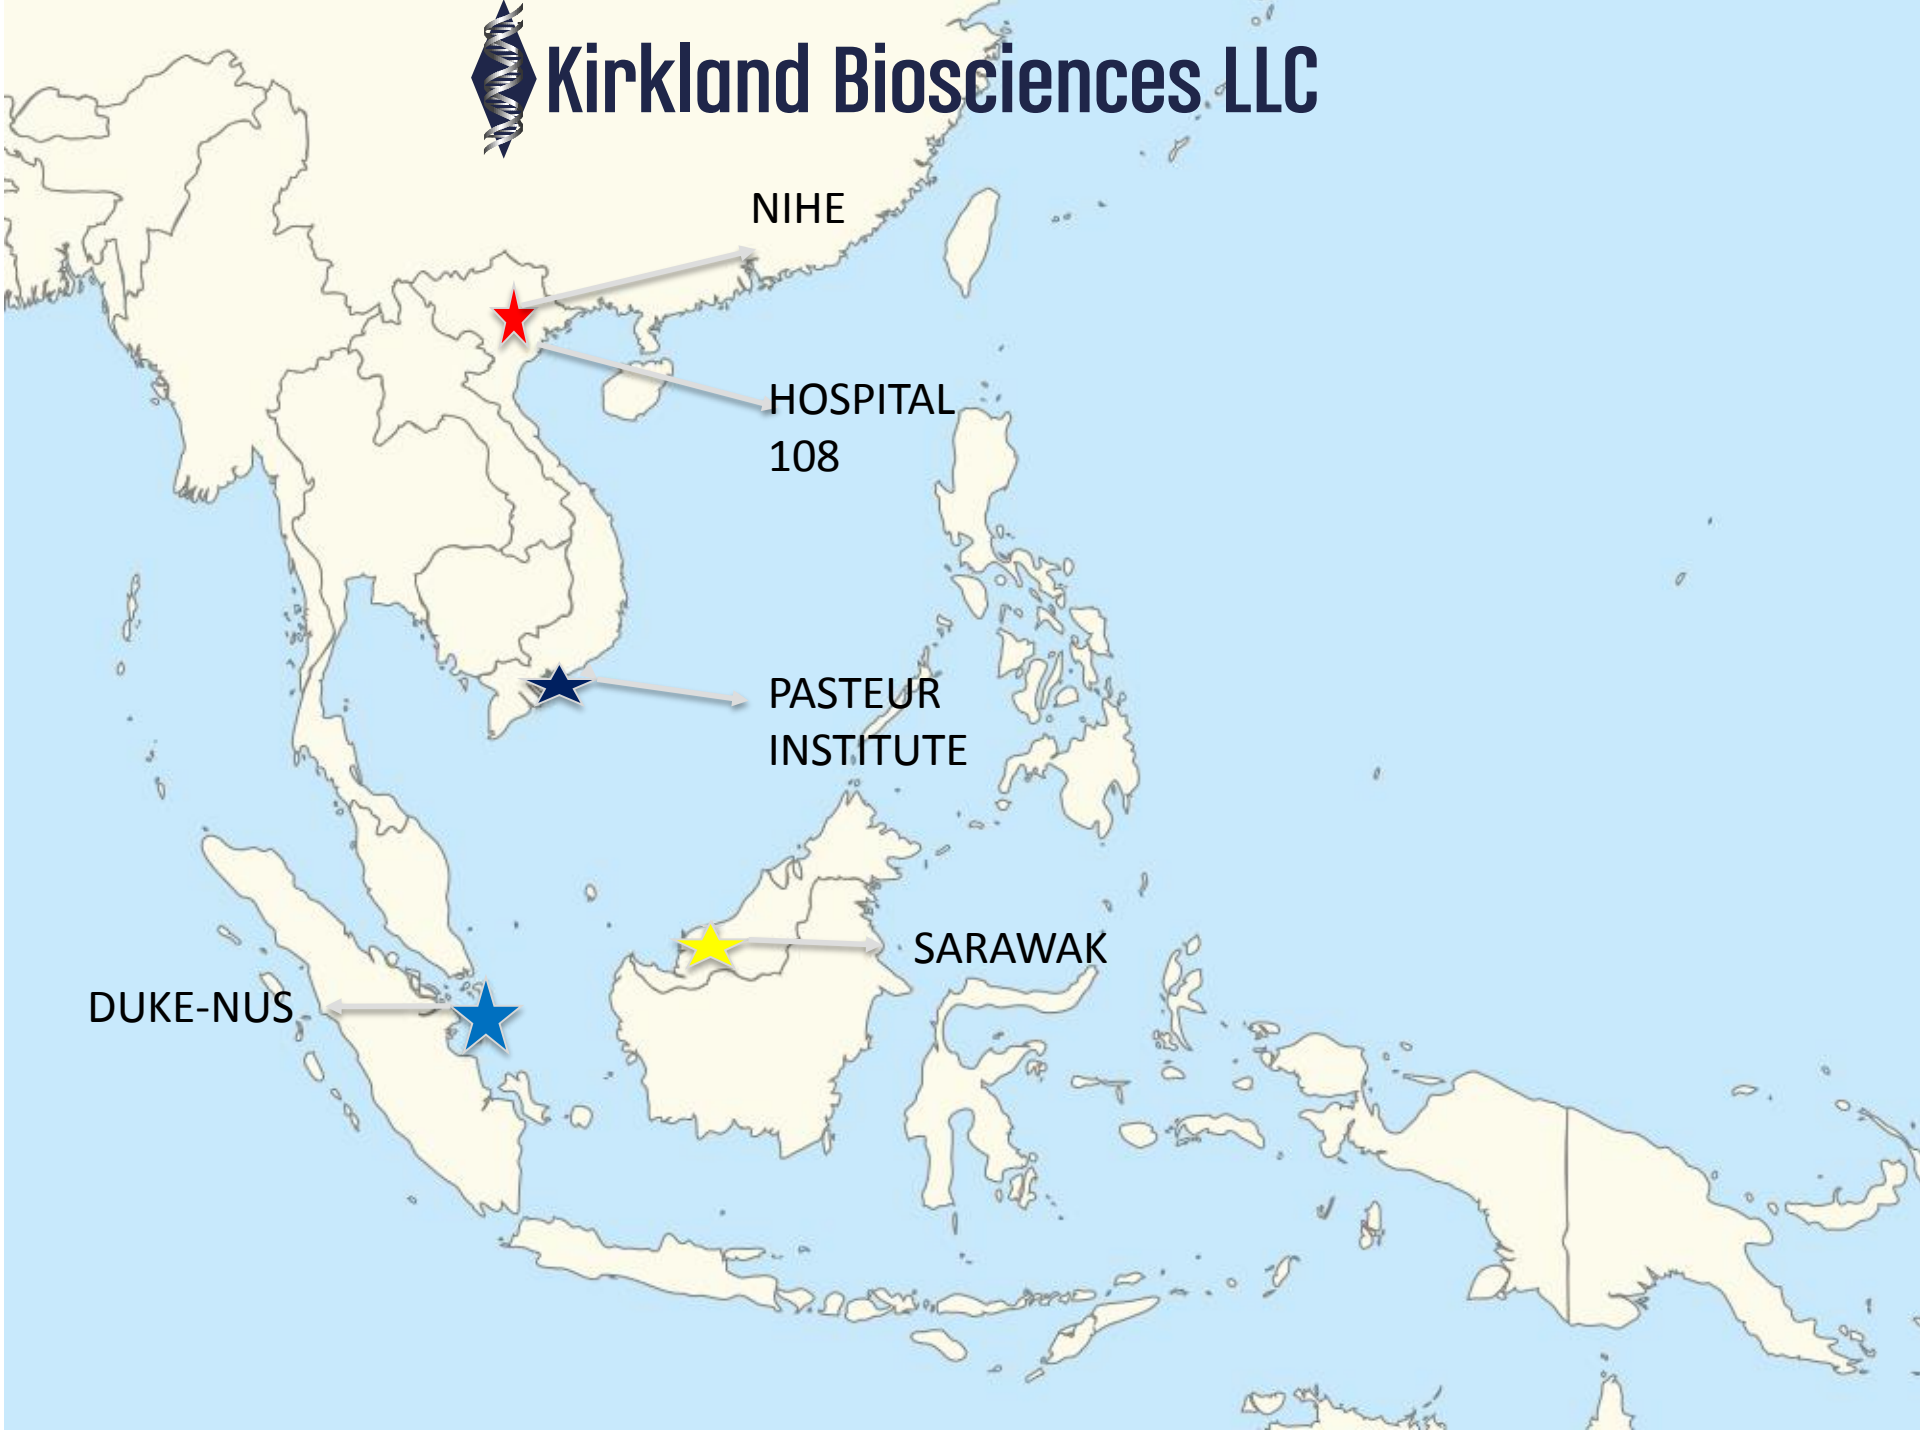

- Kirkland Biosciences mission is to provide portable, rapid, point of care diagnostic testing to developing nations.

ISSUES

- Capacity
- Expertise
- Response to emerging disease
- Data

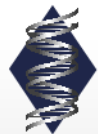

Kirkland Biosciences LLC

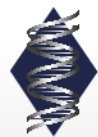

GOALS OF STUDY

1. To study the use of rapid, portable PCR in increasing detection and diagnosis of disease
2. To place rapid, portable PCR devices in SE Asia to study effective and rapid response to new emerging infectious diseases
3. Test remote communications capabilities

“The perfect is the enemy
of the good.”
